To Whom It May Concern,

I have known Emma Dikyova since the beginning of this year. I met Emma through my association with Piano Time in South Melbourne. I was impressed with her work as a graphic artist for the owner of the business of Piano Time.

Emma has been working on my teaching piano text book "Start Playing Jazz Piano Now!". Her work is outstanding, creative and more importantly she is not frightened of the hard work required in making this project a success.

Emma has a professional attitude towards her work and is really easy to work with. I would highly recommend her for any future project she takes on. For more information please contact me on +61 417 327 127.

Sincerely Yours

Steve Sedergreen
