## **EMMA DIKYOVÁ**

To whom it may concern,

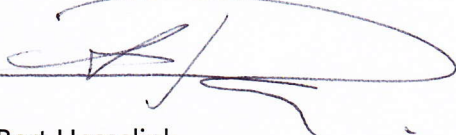

I worked with Emma Dikyová since the acquisition of Impact-Corti by CBRE in March 2013 until the end of the year. From the very beginning I was impressed with Emma's positive energy and can-do attitude. Emma was leading a team of 2 designers, a multimedia administrator and a communication specialist.

Prior to the acquisition of Impact-Corti by CBRE, Emma and her team were mostly focused on servicing external clients with design instructions. Following the acquisition, the team had to adjust their focus on corporate marketing, communication & PR including among other things the entire rebranding exercise from Impact-Corti to CBRE. Although this was a big change, Emma and her team adjusted very smoothly and serviced CBRE as if it were one of their external clients. This is to the credit of Emma.

Emma is a designer. She loves her work and is totally passionate about it. She therefore decided to follow her heart and to focus completely on design work. Unfortunately, we weren't able to offer her this possibility at CBRE. We regret to see Emma leave but have the utmost respect for it.

Emma is very creative, inspirational, positive and radiates energy. I would personally recommend Emma Dikyová on any design job.

Best regards,

Bert Hesselink  
Director – Head of Office Agency & Workplace Consultancy
